

Hello, everyone, I hope you are all well 😊

Today, we will do just one easy exercise.

In your textbooks, do exercise 6 on page 73.

### Exercise 6

Write a description of your dream home. Use there is and there are.

You can write whatever you like 😊

(opiši svoj sanjski dom, uporabi "there is" in "there are". Lahko napišete kar si sami želite.)

### My example (moj primer)

My dream home is a beach house in Hawaii next to the sea.

There are four bedrooms, three bathrooms and two toilets. There is an indoor shower and an outdoor shower. There is a big dining room and an even bigger living room with a large TV.

There is a big pool outside. There is a big kitchen. There is a barbecue in front of the house next to the pool.

There is a garden behind the house.

There is a big terrace on top of the house, where you can watch the ocean.

There is a gym outside and another gym inside of the house.

There is a big yard in front of the house with a table and chairs next to the pool.

(in your house, you can have a basketball court, a football field, even an airport, if you like. Look up the words you don't know in the dictionary)

(V svoji hiši imaš lahko igrišče za košarko, nogometno igrišče, celo letališče, če želiš. Besede, ki jih ne poznaš, lahko najdeš v slovarju ali na internetu).

I hope you enjoy the exercise and have a great day 😊
