

Hey, everyone. Hope you had a great weekend 😊

Today, we will be doing some revision for comparing adjectives.

Open your books on pages 82 and 83.

1st exercise

Do exercise 1 on page 82, match the numbers with the letters COPY THE WHOLE SENTENCES!

1. How long is the river Nile? It's 6 695 kilometres long.

(I did the first one, you can do the rest 😊)

2nd exercise

Look at the photos (both pages) and match them to the descriptions with the right names.

Poglej slike na obeh straneh in jih poveži z opisi. V opis vstavi "ime" slike.

Na primer, pri drugem primeru.

It's the tallest building in the world. – "It" zamenjšaj z napisom pod pravo sliko (to je v tem primeru "the CN tower") in napišeš stavek. Potem dobiš:

The CN tower is the tallest building in the world.

Tokrat mi ni treba ničesar pošiljati, vam bom poslal rešitve, oz, bomo šli čez rešitve v sredo na ZOOM-u.

7B – 11h

7A – 12h

Prosim da se na ZOOM prijavite točno in ne pozabite, da je udeležba obvezna. To je za vas zdaj pouk, ni druge. 😊

That's all folks, have a great start of the week 😊
