

Dear pupils!

Have you heard the latest news? Shocking, right? Do you still fancy a walk around Šumberk?

Let's start again. This is of course fake news. **It is APRIL FOOL'S DAY.** And that walk around Šumberk actually is a great idea. However, if you see a strange spider, let us know 😊.

1. Open your notebook and put down this title: **APRIL FOOL'S DAY.**
2. Write down the **following expressions**. Find translations of the expressions and write them down in your notebook.

a fool -
to pull a prank on somebody -
a trick -
to trick somebody -
bad luck -
midday -
to be superstitious -

3. Watch this **video** to learn more about the origins of this day:

<https://www.youtube.com/watch?v=ryMHCHM6cpc>

Think about the topic, read the questions and write down your answers.

- 1) Do you think April Fool's is a popular tradition in Slovenia?
- 2) What is »irregular weather«?
- 3) Are you superstitious about pulling pranks and responding to tricks on April 1st?

4. WRITING – a short composition

Write a short composition about the pranks you have pulled on your family and friends and how you have been tricked by others.

You know the drill. Type it down in a Word document and **send the assignment to your teacher.** 😊

5. BONUS ROUND

Create a piece of fake news yourself. Make sure you post it on your social media before midday 😊. Have fun.
