

We start this week with something new for most of you. 😊☀️😊

First answer some questions, please.

Have you got any relatives abroad? If you do, where? Do you know anyone whose relatives are in western Europe or overseas? Write who and where.

When did they emigrate? How long have they been immigrants in _____?

COPY INTO YOUR NOTEBOOK: (Prepiši v zvezek.)

immigrant or emigrant?

Both of these words come from the Latin *migrare* (“to move from one place to another one).

Emigrant is used in reference to the country that has been left (“an emigrant *from* Canada”), while *immigrant* is used in reference the country that one is destined for (“an immigrant *to* Spain”).

FIND THE SLOVENIAN MEANING FOR BOTH WORDS! (Poišči slovenski pomen obeh besed.)

COPY THE CHART AND FILL IT IN. (Preriši tabelo in jo izpolni.)

verb	noun	adjective
	an emigrant	
to immigrate		
		migratory

Now you know enough **to read or listen** to the conversation in your book, page 58, ex. 2 a and then **do exercise 2 b**. (Preberi besedilo na strani 58, 2a in reši nalogo 2b)

THAT'S ALL FOR TODAY. Practise reading.

Stay well and happy.
