

Hello, everyone, hope you had a great weekend. 😊

Today, we will do some more exercises just to make sure you understand everything we've been doing up until now.

Danes bomo naredili še nekaj vaj, da preverimo, če ste razumeli snov, ki smo jo jemali do zdaj. 😊

The instructions are simple, just do the **Extra exercises on page 78** in your books. Make sure you write whole sentences in your notebooks.

Don't send me anything yet, on Wednesday I will send you the answers, so you can check them.

Navodila so enostavna. Naredite **Extra exercises na strani 78** v učbenikih. Naloge napišite s celimi stavki v zvezek. Ni mi treba še ničesar pošiljati, v sredo vam bom poslal vse rešitve, da boste lahko preverili pravilnost odgovorov.

If you have any questions, you can always send me an e-mail and I will try to help you.

Če imate kakršnokoli vprašanje okoli reševanja nalog, mi lahko kadarkoli pošljete e-mail in vam bom skušal pomagati 😊

That's it for today, have a great start to a new week. 😊
