

Hello, everyone! Welcome "back". 😊

I hope you had a great holiday, now it's time to do a bit of work. Just a bit, for a start 😊

Upam, da ste uživali med prazniki, zdaj pa je čas, da opravimo malo dela. Za začetek samo malo.

Today we'll be talking about things in a room, or furniture. You know a lot of words already, but some are new.

Danes bomo govorili o predmetih v sobi, oziroma o pohištvu. Veliko besed že poznate, nekaj pa bo novih.

First, open your textbooks on page 76 and look at the pictures of the room. It's the same room. Match the numbers on the right picture with the words on the left picture and write them in your notebooks. Then write down the Slovenian meaning of the words.

Odprite knjigo na strani 76 in pogledjte obe sliki sobe. Na obeh slikah je ista soba. Poveži številke na desni sliki z besedami na levi sliki in jih zapiši v zvezek. Potem zapiši še slovenski pomen besed.

I will show you the first two examples. Pokažem vam prva dva primera.

1. chest of drawers – predalnik
2. mirror – ogledalo

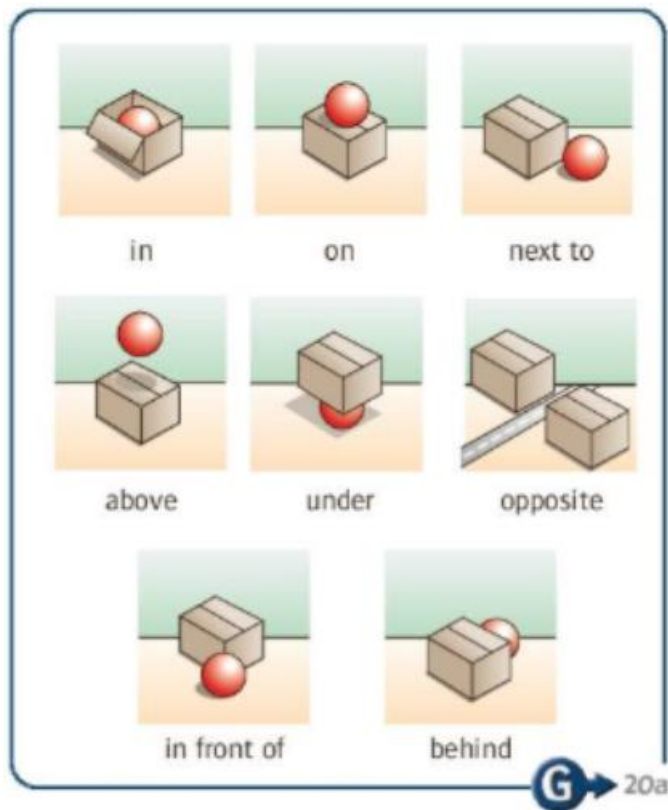

You can do the rest yourselves. Ostalo lahko naredite sami. 😊

Now, look around your room and write down what's in it.

Zdaj pa pogledjte okoli po svoji sobi in zapišite, kaj je v njej.

Now, look at the picture below to revise the prepositions of place.

Poglej spodnjo sliko in ponovi krajevne predloge:

in – v

on – na

next to – zraven

above – nad

under – pod

opposite – nasproti

in front of – pred

behind – za

Now you can do exercise 3 in your books on page 76. 😊

Zdaj pa lahko narediš nalogo 3 na strani 76.

Make sure you copy the whole sentences in your notebook.

Cele stavke prepisi v zvezek.

Ko končaš, slikaj, kar si danes naredil-a in mi pošlji na mail.

Prepričaj se, da bo slika zvezka obrnjena prav, da me ne bo bolel vrat

That's all for today, have a nice day 😊
