

Hello, everyone. We hope you have relaxed well enough to do some English learning again.

You are going to learn some interesting facts about an Irish band called U2. Ask your parents what they know about the band. Write it down. Tell them we are going to check. 😊

You can start by playing some of their greatest hits to them.

This one is from 1987. 🙌

And here's another one from the same album. Some questions for you (or/and your parents): **When was the song released? What's the name of the album? Where was the video filmed? How many people have watched this video so far?**

Can you guess what album is the next one from?

Great music.

Still popular.

Now it's time to open your **TEXTBOOKS** to page 84 and read the text.

Make some notes into your notebook.

- Do Exercise **2 c** on page 85 – **COMPREHENSION CHECK**: Copy the questions and write down full answers (not just short ones).
- Copy the following questions and answer them as well. Google it up if you are not sure what the answers are.
 - *Where do they come from?*
 - *What kind of music do they play?*
 - *How many albums have they made?*
 - *Have they won any famous awards? If yes, which ones and how many?*
 - *Do you know anyone who has been to any of their concerts?*

WORKBOOK: page 76 - Do Exercises 1, 2 and 3.

TEXTBOOK: page 86 – Extra exercises (Do all of them.)

Be ready for our next Zoom session on Thursday. We are going to check the exercises.

Enjoy the rest of the day.
