

Prepositions of place

(Krajevni predlogi)

Good morning.

Today's Zoom session starts at 10:00 am.

We are going to revise prepositions of place. I wonder how much you remember from last year. To refresh your memory, watch the video.

- Copy the questions, watch the video again and put down the answers. (Look at the first two examples.)

Where are **the** books? They are **on** the table.

Where's **the** food? It's **in** the shopping cart.

Where's the tree?

Where's the dog?

Where's the table?

Where's the picture?

Where's the computer monitor?

Where are the toys?

Where are the shoes?

Where's the chair?

Where's the ball?

Where's the light?

on = na

in = v

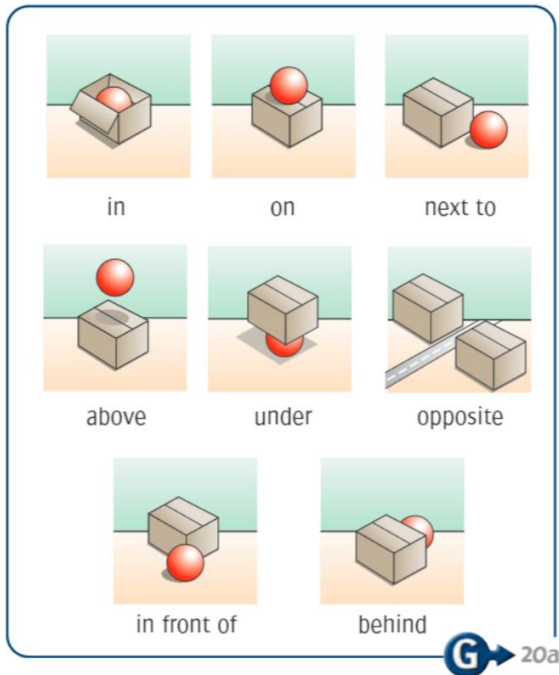

- How about these sentences? Do you know what they mean?

Which car is yours? It's the one **next to** the garage.

Where are the keys? They're **on** the shelf **by** the door.

Where's the spider? It's **above** your head.

There's a nice picture in your books. You can find it on page 76. If you want, you can copy it into your notebooks.

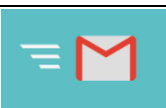

Now, let's practice.

Workbook, page 66:

- Exercise 2 – Describe the pictures.
- Exercise 3 – Write a poem.

Bonus round: Exercise 1 on page 66 in your workbook.
